PROFILE / SHORT BIO

SHORT BIO

h4rdy is a Seoul-based producer and DJ whose UK funky-led sound connects Seoul’s underground club energy with the UK bass continuum. Known for sharp drums, heavyweight low end and high-impact sets, he toured the UK and Europe with foreign body in June 2026, including NTS Radio, HÖR and STAMINA at The Love Inn. His collaborative KR.UK EP with DJ co.kr arrived via More Time Records and was named among Mixmag’s best releases of 2026 so far; Motor Skills follows on ATW in September 2026.

PROFILE / LONG BIO

FROM SEOUL TO THE UK BASS CONTINUUM

h4rdy is a Seoul-based producer and DJ rooted in UK garage, grime and funky. His sound is defined by sharp drum programming, heavyweight low end and high-impact edits built for the dancefloor. An explosive Boiler Room Seoul set helped establish his reputation for precise, pressure-driven performances, while his productions translate UK club forms through Seoul's underground energy.

As co-founder of Deadbois with Korean grime MC Damndef, and as a member of Quarter Pounder Kru and Kolour FM, h4rdy has helped build lasting links between Korea's club scene and the global grime and bass community. His event platform STAMINA extends that work into curated nights. Releases with DJ co.kr include ILL E SAM SA on Steel City Dance Discs, Top Shotta on Fool's Gold and the 2026 KR.UK EP on More Time Records.

His catalogue also includes remixes for Baekhyun, MARK and aespa, connecting K-pop source material with UK bass aesthetics. Across 2025 and 2026 he appeared at SXSW London, Glastonbury, NTS Radio, HÖR and venues across London, Bristol, Berlin and Porto. Mixmag included KR.UK in its guide to the best albums, EPs and mixtapes of 2026 so far. Motor Skills, another DJ co.kr collaboration, is forthcoming on ATW in September 2026.

KR.UK · MORE TIME RECORDS

DJ CO.KR & H4RDY 'KR.UK' (MORE TIME RECORDS)

It would be an understatement to say that Seoul's UK bass-influenced legends DJ [co.kr](#) and [h4rdy](#) have been flying the flag for their scene across the world; few can boast co-signs and collaborations with the likes of DJ Babatr, Peggy Gou, Fred again., and Riko Dan. And yet, with their new four-track EP '[KR.UK](#)' on London's *More Time Records*, the pair demonstrate that rousing Seoul variant on the sound with total precision, firing through teetering breaks, buoyant dub and downright naughty basslines. Despite its conservative four-track run, the pair are joined by a veritable cast of grime royalty, features from MCs Warrior Queen, Killa P and Trim – a signal of their prestige within the UK bass universe if there ever was one.

STAMINA

UK GARAGE · GRIME · FUNKY · BASS

Launched in Seoul in April 2026, STAMINA is h4rdy’s club platform for the UK-rooted sounds he champions as a DJ and producer. The series focuses on direct, high-pressure dancefloor programming and carefully selected local and international guests.

In June 2026, STAMINA travelled to The Love Inn in Bristol as part of foreign body’s debut UK/EU tour, extending the project from Seoul into the UK club circuit.
