

HVPRK

DJ · ART DIRECTOR

SEOUL / SOUTH KOREA

SHORT BIO

HVPRK is a Seoul-based DJ and art director connecting UK club sounds with K-pop and hip-hop. Driven by continuous drum work, rhythmic punch and familiar vocals, his sets bring a direct, accessible energy to the floor. A regular presence across Seoul's club and creative communities, he has played at THE HENZ CLUB, Bolero and Seoul Community Radio while leading the creative collective NET_TASKFORCE.

UK rhythms. Familiar voices.

A visual instinct for the dancefloor.

FROM VISUALS TO THE FLOOR.

A PRESENCE IN SEOUL

HVPRK has built his presence in Seoul's club scene through the visual identities of parties and events. His posters reach audiences before the music starts; behind the decks, he brings that same sense of impact to the room.

He leads NET_TASKFORCE and is the main designer for party crew wethrowabash. His visual collaborations span K-pop labels HYBE, SME and JYP, artist Mrs. GREEN APPLE, and brands Glo and Descente. In 2026, NET_TASKFORCE supported poster and merchandise production as an official sponsor of the ScreaM Records and foreign body UK/EU tour.

A RHYTHMIC POINT OF VIEW

As a DJ, he brings together UK club sounds, K-pop and hip-hop. Continuous, driving drum work meets familiar vocals and melodies, pairing rhythmic weight with an accessible entry point for listeners. His approach carries the "visual impact" of his design practice into a physical, dancefloor-focused form.

Appearances at THE HENZ CLUB, Bolero and Seoul Community Radio connect his work across Seoul's club spaces. His SCR broadcasts span B2B sessions, old-school hip-hop and breakbeats. Building on years spent working closely with parties and artists, he is also developing his own music through production.

SOUND DNA

Rhythmic weight, recognisable voices and forward motion.

01 / FOUNDATION

UK CLUB

The weight and groove of UK club music, with breakbeats and driving drums at the centre.

02 / CONNECTION

K-POP + HIP-HOP

Familiar vocals and melodies open up the set, bringing different listening worlds into the same room.

03 / ENERGY

RHYTHMIC IMPACT

Continuous drum work and sharp transitions carry a visual instinct into the physical energy of the dancefloor.

“Visual impact” translated into sound.
