LONG BIO

MAR VISTA is a Seoul-based DJ and producer working across house, UK garage and high-energy electronic music. Since beginning his production and DJ career in 2019, he has developed a sound balancing dance-floor immediacy with a playful, euphoric edge.

His earlier releases include Cor 98 on Nervous Records and Turn Me On on Phoenix Music. More recent work moves into fast hard house, hard groove and rave-inspired rhythms, connecting Seoul with a wider network of club labels and collaborators.

Outrun, made with Club Angel, arrived on Higher Ground in 2025, alongside the ec2a-099 record and MASS CASUALTY with Coziest. In 2026, his collaboration with Little Fritter appeared on Maddogs EP via Need2Freak, followed by The Freaks EP on Mondo Discos.

He also leads lifestream, connecting international guests, local artists, club nights and collaborative releases. His June 2026 UK/EU tour included London, Berlin and Bristol, with appearances at HÖR, OXI, Planet Wax, The Love Inn and Brixton Jamm.
