

P3PPER

DJ / PRODUCER SOUTH KOREA → AUSTRALIA

SHORT BIO

P3PPER is a South Korean DJ and producer now based in Australia, bringing euphoric melody and old-school trance textures into contemporary club music. Shaped by Seoul's underground scene, his work moves between emotive songwriting and direct dancefloor energy, with releases on Eastern Margins, bitbird, NCS, Dim Mak and ScreaM Records. His 2026 EP Love Me Like, released through no content, opens a new chapter with vivid melodies, layered textures and driving drums. Radio appearances include NTS and bitbird radio.

**Euphoric melody. Trance textures.
Contemporary club energy.**

LONG BIO

P3PPER is a South Korean DJ and producer now based in Australia. Developed across Seoul's underground electronic scene, his sound connects the emotional pull of classic trance with contemporary club production. Euphoric melodies, layered textures and energetic drums run through his studio work and DJ sets. His catalogue spans Eastern Margins, bitbird, NCS, Dim Mak and ScreaM Records, including collaborations with The Deep and Jibaan.

His radio work includes an Eastern Margins guest mix with Jibaan for NTS and bitbird radio #127, alongside Seoul appearances at Pistil, Seoul Community Radio, Hole Seoul and Temple. Made after his move to Australia, the 2026 no content EP Love Me Like brings melodic hooks, interlocking textures and rough-edged drums into a focused three-track release, marking the next phase of the P3PPER project.

SOUND DNA

Trance and rave influences, shaped for the contemporary dancefloor.

01

TRANCE / RAVE

Old-school trance textures meet current club production.

02

EUPHORIC MELODY

Emotional hooks and vivid synth lines connect the catalogue.

03

DANCEFLOOR ENERGY

Driving drums and layered arrangements give the music a direct physical pulse.

FEATURED RELEASE / 2026

LOVE ME LIKE

P3PPER / NO CONTENT / EP

A three-track EP made after his move to Australia. Melodic hooks, interlocking textures and rough-edged drums bring a new focus to P3PPER's club sound.
