BASS DUO · SEOUL

SHORT BIO

SEOUL · BASS · CLUB

rom&BAAWLA is a Seoul-based bass duo formed by producers and DJs rom and BAAWLA. rom brings heavy low-end sound and experimental rhythm, while BAAWLA draws on UK Garage, UK Bass and Baile Funk. Together, they channel those foundations into club-driven sets, edits and original releases. Their ANTICLIMAX EP was released through Quality Goods Records, and their ongoing R&B Edit series has travelled beyond Seoul dancefloors. In June 2026, they toured London, Manchester, Berlin and Bristol. The same month, rom was officially credited with Skrillex on “Scut 2,” released as part of Skrillex’s album SOMA.

LONG BIO

rom&BAAWLA is a Seoul-based bass duo formed by producers and DJs rom and BAAWLA. rom's approach is rooted in heavy low end and experimental rhythm; BAAWLA works from UK Garage, UK Bass and Baile Funk. Together, they shape a shared project built for the club, moving between original tracks, edits and high-energy DJ sets.

The duo first gained wider attention through ANTICLIMAX EP, released via Quality Goods Records. They have continued to build momentum through the R&B Edit series, using familiar source material as a route into bass-led club music. The edits have circulated on Seoul dancefloors and reached listeners and DJs outside Korea, while their short-form output extends the project through POV clips, release artwork, event recaps and the "You Should Know..." series.

As members of SPIN Da Up, rom and BAAWLA have performed across Seoul and expanded internationally. In June 2026, they joined foreign body's UK/EU tour across London, Manchester, Berlin and Bristol, playing XOYO, Colour Factory, M.O.T Radio, Kindred Radio, Mode Radio, HÖR, Planet Wax, Parklife Festival and The Love Inn.

rom's 2025 UKG edit of Skrillex's "Scut" became an official collaboration in 2026. Released as "Scut 2" by Skrillex and rom, the track appears on Skrillex's album SOMA.
